NAMMAKPSC ACADEMY

KAS MAINS BOOTCAMP 2026

A WELCOME NOTE FROM THE DIRECTOR

"The challenge is not just studying more. It is preparing smarter."

KAS Mains preparation comes with three key challenges:

The Content Challenge
Vast, complex and interconnected syllabus, with difficulty in retention and linking with current affairs.

The Answer Writing Challenge
Need for precise, well-structured, keyword-rich answers and timely, quality feedback.

The Consistency Challenge
Maintaining daily discipline, targets, revision and continuous improvement.

This is why we created KAS Mains Bootcamp 2026.

Our approach is built around three priorities:

Right Content | **Right Answer Writing** | **Right Consistency**

Our objective is simple: to help you prepare systematically, stay consistent and become Mains-ready.

Learn (Paper Focus) | **Read** (Self-Study) | **Revise** (Retention) | **Write** (Micro Test) | **Evaluate** (AI Feedback) | **Improve** (Ranking & Progress)

WHAT MAKES OUR APPROACH DIFFERENT?

CONVENTIONAL APPROACH		BOOTCAMP APPROACH
Lengthy teaching and bulky content	»	Micro learning with crisp, focused and exam-relevant content
No focus on important and priority areas	»	Targeted approach with clear priority marking
Extensive, unstructured reading	»	Structured, module-based learning
Revision postponed	»	Immediate revision (learn – read – revise)
Infrequent answer writing	»	Daily micro tests (6–7 questions, 1 hour)
Limited and subjective feedback	»	AI-assisted, objective and well-structured feedback
Unclear performance and no tracking	»	Ranking and continuous progress tracking
Preparation without daily targets	»	Structured daily planning with clear targets
No use of technology (traditional, routine process)	»	Technology-enabled preparation (AI evaluation, tracking and insights) – a game changer for the future

AI EVALUATION: A CLEAR ADVANTAGE

Human Evaluation (Conventional)

- ✗ More subjective
- ✗ Often routinized
- ✗ Inconsistent across evaluators
- ✗ Delayed feedback

AI Evaluation (Our Approach)

- ✓ More objective and unbiased
- ✓ Instant feedback
- ✓ Well-structured and detailed (question-wise marks, total marks, ranking, strengths & areas to improve)
- ✓ Consistent and reliable
- ✓ Technology-enabled – a future-ready approach

FREQUENTLY ASKED QUESTIONS (FAQs)

1 Will I receive printed revision modules?

All offline students will receive printed modules and answer sheets. Online students will receive PDF copies. Printed copies will be distributed only on the scheduled day. They will not be distributed the following day. If you miss the distribution, you can access the PDF.

2 Is attendance compulsory?

No. However, regular attendance is strongly recommended to gain maximum benefit from the programme.

3 How much time should I dedicate to self-study?

Ideally, dedicate around 8 hours to focused self-study and revision.

4 What are the micro tests?

Micro tests are module-based assessments consisting of 6–7 questions, conducted for one hour to test your understanding and answer-writing skills.

5 How does AI evaluation work?

We have partnered with Redtick.ai for AI-assisted answer evaluation. You can upload your answers as a PDF, photograph or typed response.

The evaluation provides: Question-wise marks + Total marks + Ranking + What you did well + Areas requiring improvement + Overall performance and progress insights. This is objective and instant.

6 What if I miss a test or session?

You will have access to session recordings. You can also upload your test answers later. However, real-time batch ranking will not b e available for late submissions.

7 How many times can I watch the recordings?

You can watch the recordings twice.

8 How can I track my progress?

You can track your performance through the student dashboard on our website and the Redtick.ai platform.
